Product Listing

## Healthier Hospital Environmental Statement

CFGGroup and its brands, Falcon, Thonet and Shelby Williams, each offer furniture that can be specified to meet the Healthy Interiors Goal Version 2.0 of the Safer Chemicals Challenge. The majority of our products are custom made to meet client specifications. Restricted chemicals and materials can be avoided by specifying fabrics and materials void of such. Additional information may be obtained by contacting CFGGroup Customer Support.

### Flame Retardants

All standard products produced by CFGGroup are free from flame retardants, unless they are specifically requested by our customers for a particular project.

### Per- and Poly-Fluorinated Compounds (PFCs)

The use of poly-fluorinated compounds is limited in use to fabrics that are specified by the client or designer hired by the client.

### Antimicrobials

All CFGGroup products are offered with components that meet the guidance requirements for use of antimicrobials.

Furniture described herein meets the Healthy Interiors Goal of the Safer Chemicals Challenge according to the manufacturer. Practice Greenhealth does not verify this information.
